

Environmental Policy

Objective

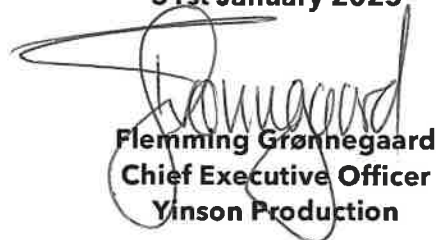

Yinson Production is committed to protection of the environment, achieve business sustainability and minimise our environmental footprint.

We shall achieve this by:

- Determining the environmental aspects in all our business strategies and activities;
- Determining risks and opportunities, related to our environmental aspects and compliance obligations;
- Establishing environmental objectives;
- Implementing and maintaining an effective management system in conformance to ISO 14001;
- Conforming to interested parties' expectations and applicable regulatory and other requirements;
- Influencing suppliers and third parties with consideration to life cycle impacts of their aspects and activities;
- Improving environmental performance and energy efficiency by minimising consumption of resources and reducing waste generated offshore and onshore;
- Preventing accidental discharges to land, air and water;
- Training and motivating employees to carry out tasks in an environmentally responsible manner;
- Continually improving our management system to enhance environmental performance.

This policy is applicable to all Yinson Production personnel, contractors and visitors engaged by, or working on behalf of Yinson Production.

31st January 2025

Flemming Grønnegaard
Chief Executive Officer
Yinson Production
